

AgriConnect AI - CRUD Verification Report

Intern ID: TBI-26100336 | **Week 5 Deliverable:** Frontend End-to-End CRUD Validation

1. Figure 1

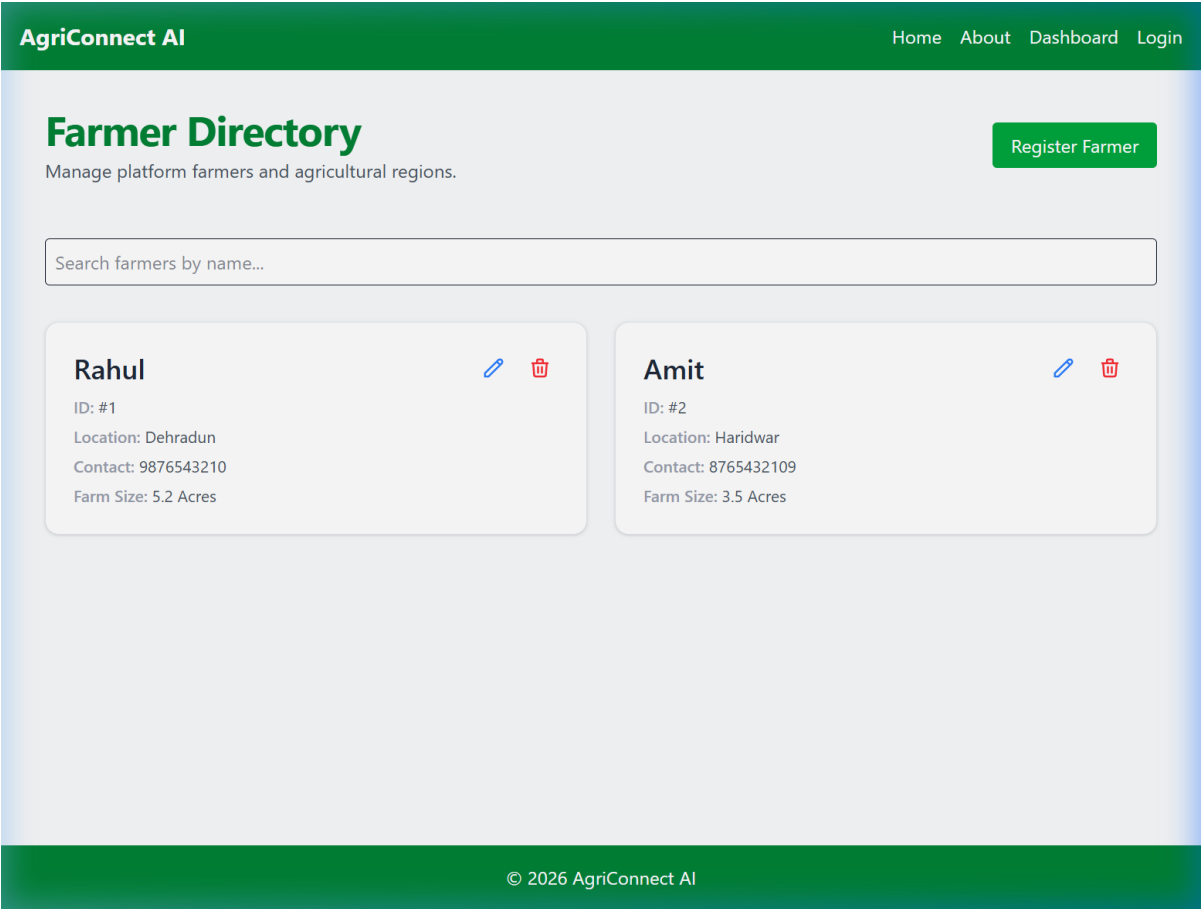

Figure 1: Initial Dashboard showing default seeded farmers (Rahul and Amit) from MongoDB Atlas.

2. Figure 2

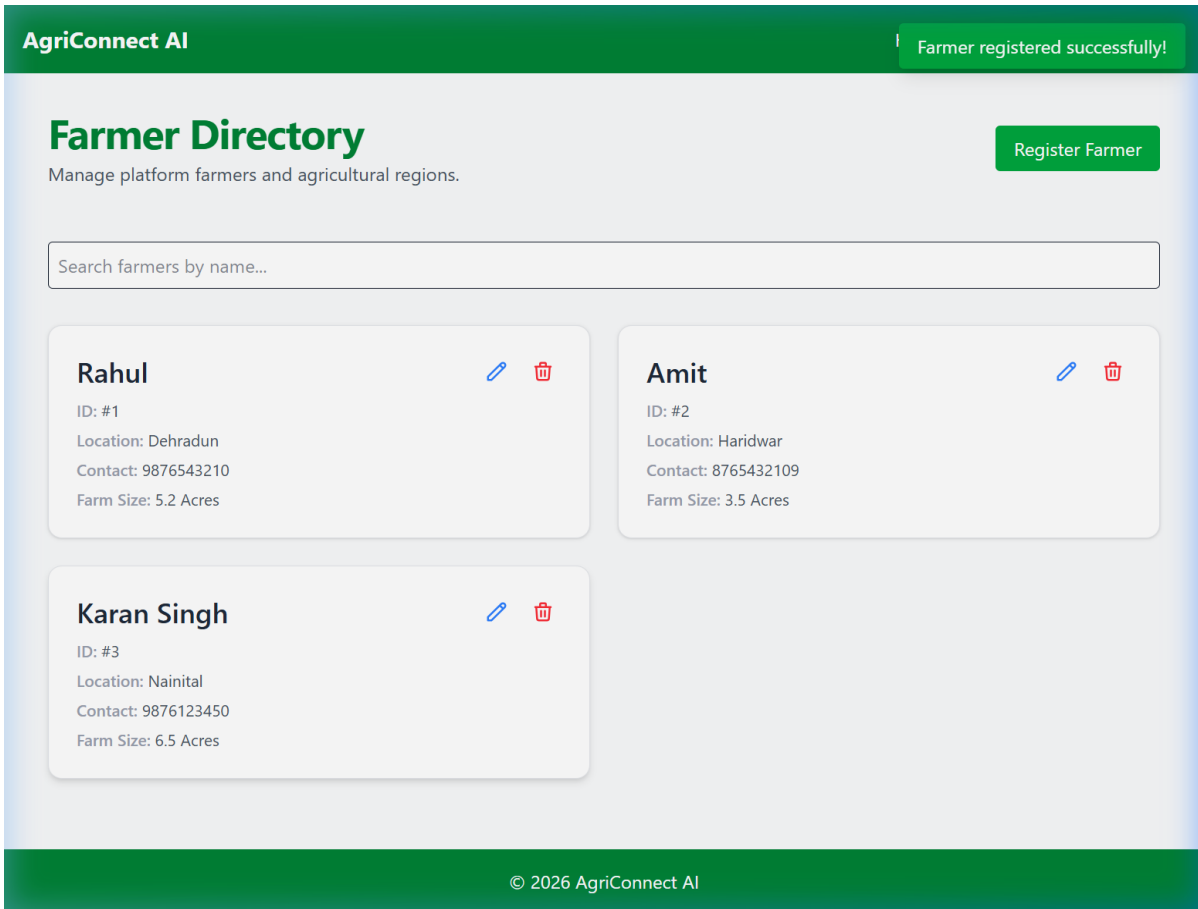

Figure 2: Registering a new farmer 'Karan Singh' from the frontend registration form modal.

3. Figure 3

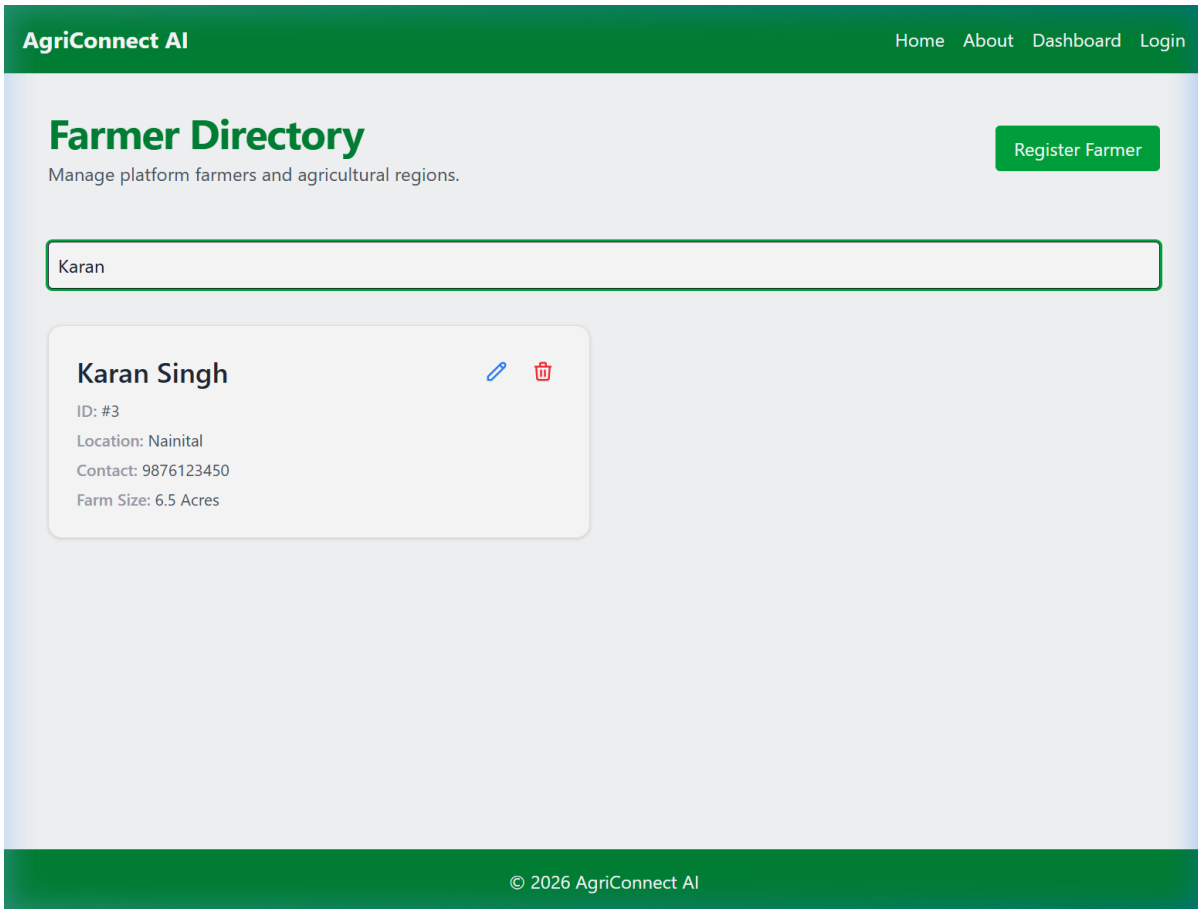

Figure 3: Searching and filtering directory for 'Karan' showing matching registered card.

4. Figure 4

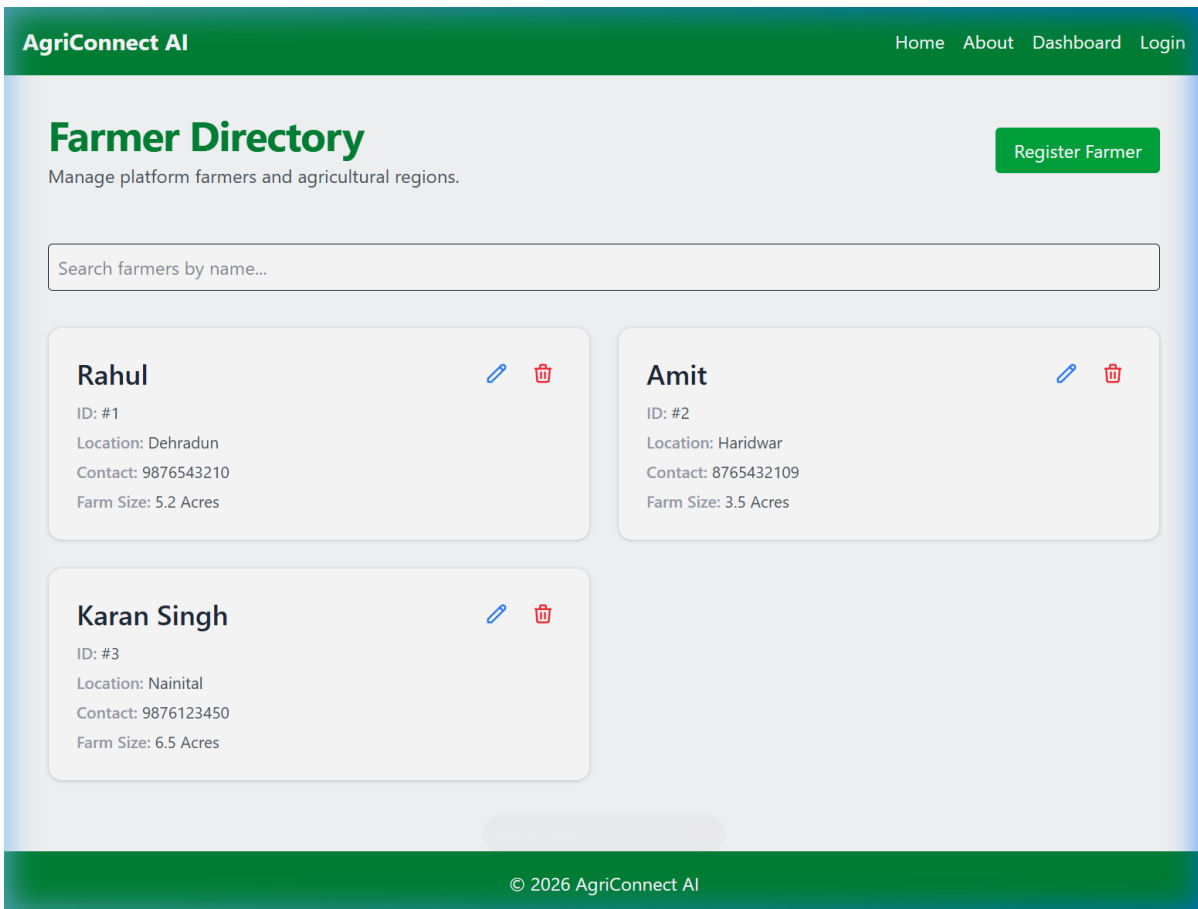

Figure 4: Refreshing page displays persistent record of 'Karan Singh' fetched from MongoDB Atlas.

5. Figure 5

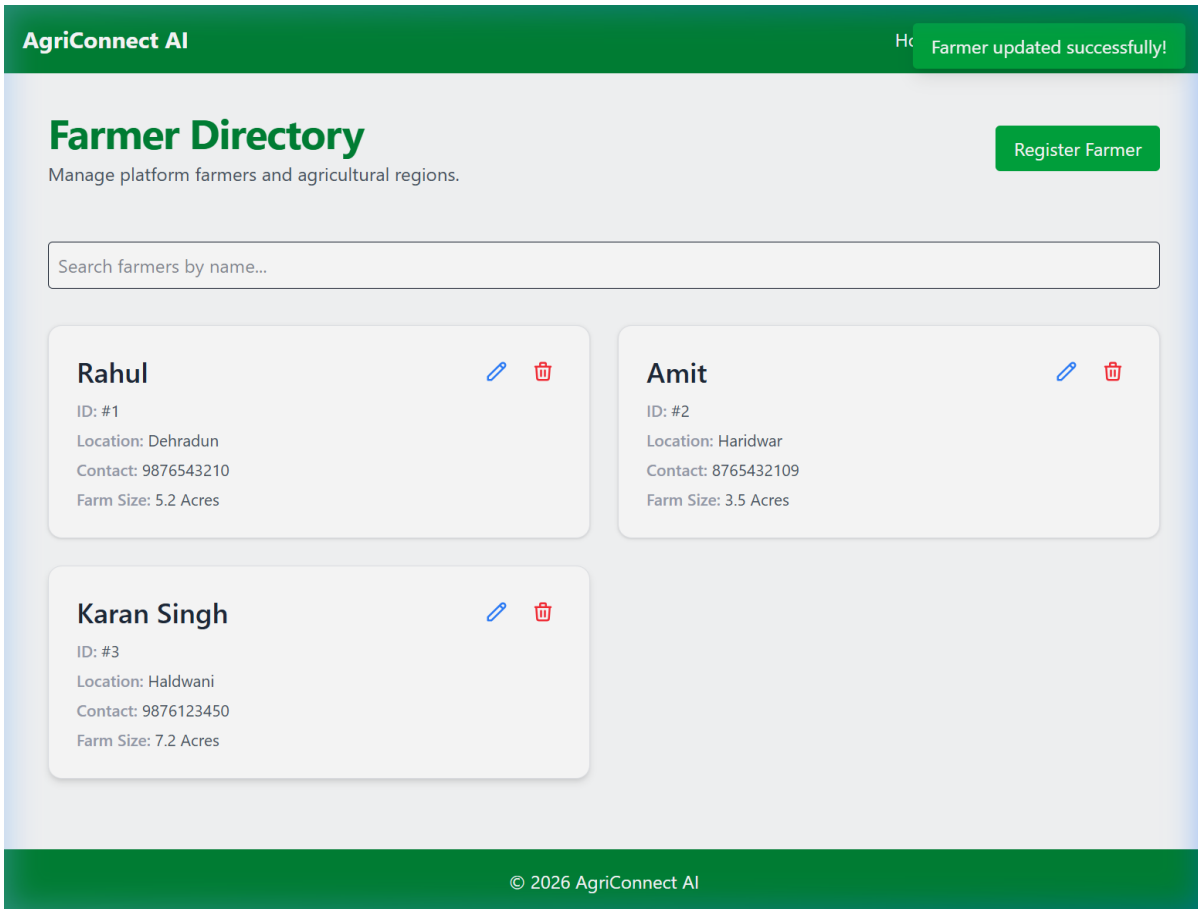

Figure 5: Editing and updating farmer details for 'Karan Singh' to location 'Haldwani' and 7.2 acres.

6. Figure 6

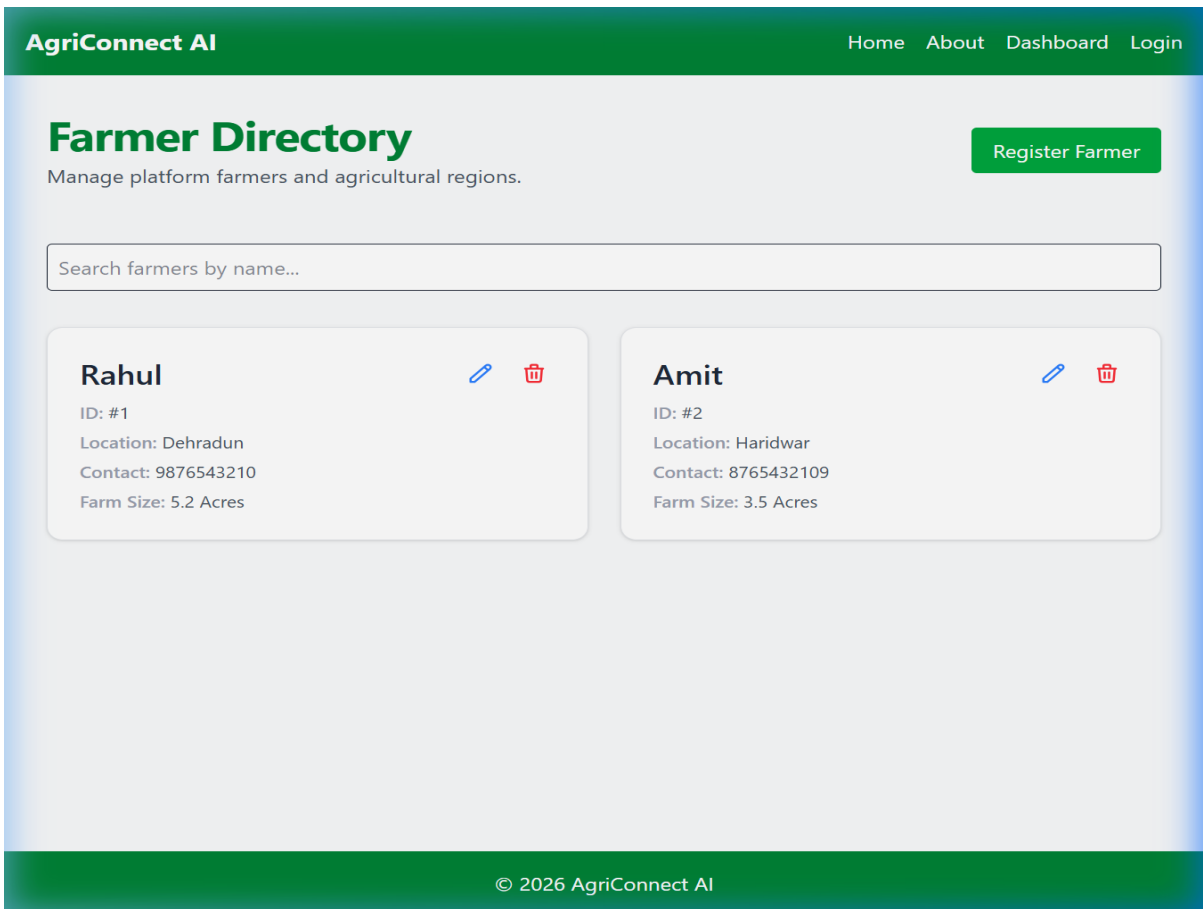

Figure 6: Deleting farmer 'Karan Singh' removes record from dashboard and database.
